

SWING DRINKER

11300000 SWING DRINKER WITH VRH-3

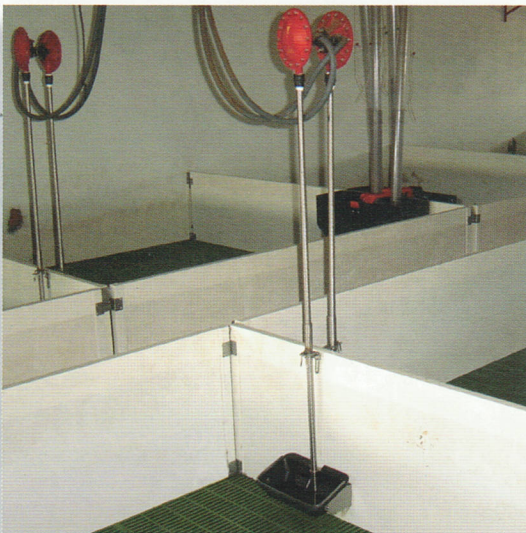

Swing drinker for weaning and fattening.

TECHNICAL DATA

Number of feeding outlets	2-3
Nº animals	25-40
Animal weight, kg	6-100

For good water consumption, the drinker combines the two most important features: a constant flow and easy access for even the smallest piglets.

- Up to 50% reduction in water wastage.
- Up to 50% less manure production.
- Saving in medication.
- Its swing action helps maintain water-quality and hygiene.
